What are CSS Modules and why do we need them?

CSS-Tricks - 1 day ago

I've been intrigued by **CSS** Modules lately. If you haven't heard of them, this post is for you. We'll be looking at ...

Raspberry Pi + Google Coder = HTML + CSS + JS + node.js = Way cool.
Network World - 3 days ago

Microsoft to share Edge platform data from API Catalog and Global CSS usage
WinBeta - 1 day ago

MVP

Minimum Viable Product

Land = Server Hosting

Building Materials = Code

Labor = Coders

Ready. Fire! Aim.

Lean Product Management

- Minimum feature set

- Measure & Learn

- Pivot or persevere
